

THE EXTREMELY RUGGED, POWERFUL TABLET, IDEAL FOR SUPERVISORS WORKING IN EXPLOSIVE ATMOSPHERES.

Expand your capabilities and work better than ever before with the iSafe IS910.1 tablet. It is user friendly and more comfortable to look at with its large eight-inch screen. You can carry this tablet with you anywhere, whatever kind of working environment you're in.

Not only is it shock-resistant, this tablet has an ingress protection rating of IP68, so you can be sure it will stay safe from the harmful effects of water and dust. It can withstand temporary immersion of 30 minutes at a depth of 2 metres.

Its WiFi connection means you can surf the internet, check your emails, send quotes and carry out any other tasks your job requires of you.

The tablet runs on Android 8.0 and is driven by an Octa-Core 2Ghz processor, in addition to having an internal 32Go memory (which can be expanded via micro SD), so you'll never run out of memory or be left waiting.

Display	8" multi capacitive touchscreen with a resolution of 1200 x 1920 pixel (RugDisplay Glass)
Memory	64 GB internal memory, 54 GB accessible
Cameras	13 MP rear camera and 5 MP front camera
Location	GPS
Battery	8400mAh battery
Approvals	II 2G Ex ib IIC T4 Gb, II 2D Ex ib IIIC T135°C Db IP6X

DESCRIPTION OF THE ISAFE LWP APPLICATION

LWP is a simple application that manages LWP alerts.

SMS ALERT SETTINGS

You can preset up to five emergency numbers as well as a text message of your choice to send an alert by SMS. If, in addition, you have activated the location feature of your mobile phone, each SMS sent will also contain your GPS location.

CONTACT SETTINGS

You can preset up to five emergency numbers. The call is hands free and placed immediately. If the line is busy or no one answers after eight rings, the application immediately calls the next number on the list. This continues until someone picks up.

MOVEMENT ALERT

You can choose between three types of alert: 'Vertical 45° alarm', 'Falling alarm' and 'No moving alarm'.

DELIVERED WITH:

- Built-in battery, charger, i.safe PROTECTOR USB cable, i.safe PROTECTOR USB-magnetic charging cable, quick manual and safety instructions.
