

THE SMALLEST ESCAPE MASK IN THE PARAT RANGE

The PARAT 1200 is a very small exhaust mask with an ABEK multi-gas filter. It protects the respiratory tract for 10 minutes against various toxic gases and vapors during industrial chemical incidents (DIN 58647-7 approval).

Practical, it fits in the palm of the hand and is very easy to handle. Composed of a mouthpiece with nose clip, it is adapted to users wearing glasses or a beard.

Ergonomic, the transparent case gives a visual indication of the state of the device: expiration date (indelible marking) and instructions for the use of the device. While the visible safety indicator clearly indicates whether the device is ready for use.

Robust, its case protects the mask in the most extreme working conditions. For added safety, the seal breaks when the case is opened. It can be carried in a pocket, belt or directly on work clothes thanks to its integrated clip.

THE RANGE

PARAT 1200 : Mouthpiece and nose clip

PARAT 1260 : Version for tropical areas including a mouthpiece and nose clip in the waterproof bag (list of countries, please consult us).

FILTRATION CAPACITY ACCORDING TO DIN 58647-7

Test condition: 30l/mi, 70% RH at 20°C

Type	Gas test	Concentration (ppm)	Protection capacity (ppm)	Minimum duration of protection (ppm)
A	Cyclohexane (C ₆ H ₁₂)	2500	10	10
B	Chlorine (Cl ₂)	2500	0.5	10
B	Hydrogen sulfide (H ₂ S)	2500	10	10
B	Hydrogen cyanide (HCN)	2500	10	10
E	Sulfur dioxide (SO ₂)	2500	5	10
K	Ammoniac (NH ₃)	2500	25	10
B	Hydrogen sulfide (H ₂ S)	10000*	20	3

*To determine the protection capacity, the gas filter was tested at 10000 ppm of hydrogen sulfide

TECHNICAL CHARACTERISTICS :

Dimensions: 115 x 95 x 70 mm (included clip)

Weight: 210 g

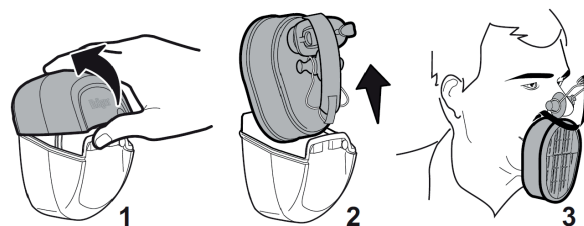

Duration of use: 10 minutes (depending on operating conditions)

Storage time (from the date of manufacture) :

4 years without maintenance provided that the seal of security is intact, and 6 years for the PARAT 1260 version

Homologation : DIN 58647-7, CE mark 0158

UTILISATION :

ACCESSORIES :

Carrying bag PARAT® 1200

For the comfortable transport of the Dräger PARAT® 1200
